

Financial Services

Differentiate Your Business *Multi-Function, Financial Services Kiosk*

With big banks closing branches at a rapid pace, you can now fill the void by turning your business into a one-stop shop for financial services. With our multi-function kiosk offer valuable financial services like bill payment, international money transfer, check cashing, Bitcoin sales and more!

Slightly larger than an ATM and with a wide variety of services available, with a multi-function financial kiosk in your business you'll be sure to attract new customers, build brand loyalty, free up staff time... and earn more income.
